ABOUT ME

I am a front end web developer I fully rely on my works to present myself because I fully trust their quality, and you can view them from here https://github.com/zahra abdulkarem I started learning this field in 2022 and I have done some personal projects, and I am still learning and developing skills and experience in the field of front-end development, back-end development and problem-solving.

EXPERIENCE

- **VEGGO**

Frontend Developer June 2023 – Present (2 months)

I started working as a front-end developer with VegGo, the first organization in the Middle East and North Africa that cares about animal rights, health and plant health.

- **PRIVATE TEACHER**

Mathematics Teacher March 2021 – Present (2 years 5 months)

I taught mathematics and computer science privately to primary and middle school students, and I trained them to solve complex mathematical issues, logical thinking, and detailed problem-solving.

- **SELF-EMPLOYED**

Frontend Web Developer July 2022 – July 2023 (1 year 1 month)

Building, designing and developing website interfaces
